Devotional Journaling Workshop

Do you ever feel like....

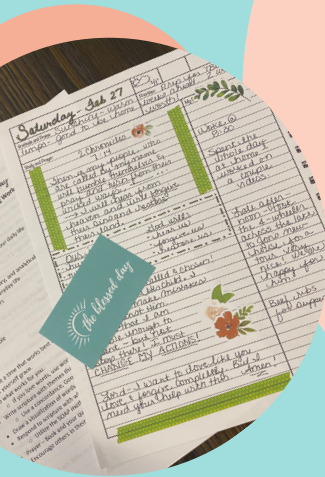

- the Bible is outdated or too hard to understand, so why even bother? or
- your life is too busy to spend quiet time with God or be in a Bible study? or maybe...
- you do have a personal devotional time but sometimes it seems a little stale?

This workshop is for you!

You'll learn a simple method to meditate on the Word of God, make observations, and apply it to your life.

Oh, and have some fun in the process too!!

Come and learn how **easy, relevant** and **life-transforming** scripture can be!

Please bring a Bible if you have one.
